Tooling/Software	Git, NPM, Insomnia, Figma, Adobe Creative Suite
Services	Github, Vercel, Heroku, Netlify, Azure
Team Skills	Agile Methodologies, Pair Programming, Group Work

Experience

Spark New Zealand - Data Intelligence UI Developer

NOVEMBER 2022 - PRESENT

TypeScript, React, Next.js, Tailwind, Figma, Azure, Vercel

- Designed an internal user interface in the B2B data squad product data displayed in customer and product views in Figma.
- Collaborated with stakeholders to present and iterate on UI designs in Figma.
- Implemented the user interface design in React using Tailwind and Next.js.
- Followed Spark's Agile methodologies, attending daily ceremonies to ensure efficient development and delivery of high-quality products.

Freelancing - Front End Web Development

AUGUST 2022 - PRESENT

TypeScript, React, Next.js, Tailwind, Sanity.io, Shopify, Figma, Vercel

- Developing an e-commerce site for Chlitacorp, portfolio site for motion designer Tom Crampin and a portfolio/archive site for artist Alex Birkett.
- Improved user experience by following given designs and making design suggestions.
- Utilised Tailwind and Framer Motion for responsive design and dynamic lightweight animations. Built a database for Alex Birkett's artwork archive using Sanity.io.
- Employed modern front-end solutions, such as Next.js, to ensure that the sites are built-to-scale and fast on a variety of devices.

Dev Academy Aotearoa - Full Stack Development Apprenticeship

APRIL 2022 - JULY 2022

HTML, Javascript, CSS, React, Redux, SQL, Git, Test Driven Development, Express.js, Node.js

An intensive 15-week programme in web development designed to provide you with the skills and knowledge needed to become a full stack developer.

There was a large focus on human skills which covered bias, difficult conversations, conflict manage, diversity, Agile methodologies etc.

We worked on projects in groups using pair programming and Agile roles to simulate a real world work environment.

For my teams final project, our goal was to create an interactive map that gave you some basic information about each clicked country which we developed into a game. I was our product manager and really enjoyed ensuring the user experience was always on top of our minds when making additions or changes to our project. I worked on the projects planning, game logic and layout

Independent with Kartel Music Group - Recording Artist / Producer

JULY 2015 - PRESENT

Ableton, Pro Tools, Logic Pro X, Songwriting, Music Production, Social Media Marketing

- I produce and write my own music with fellow New Zealander Eddie “Lontalius” Johnston. I produce using the software Ableton and have grown comfortable collaborating with others in a studio environment.

- Being an independent artist has required me to self manage myself with deadlines, promotion, organization etc. I’ve toured with Red Bull NZ, Snail Mail, Clairo (cancelled due to pandemic) & performed with The Internet, Six60, Peanut Butter Wolf, Drax Project, among others.

- Generating income from more than fifty million plays on my music and have composed music on commission for Casey Neistat, Yu Mei, The Forest Cantina, Gary Vee & more.

Yu Mei - Dispatcher

MAY 2021 - FEBRUARY 2022

Organisation, Distribution, Teamwork

Fulfilling orders which involved organising order forms, collecting dispatch ready work and completing final packaging ready for courier collection, and generally doing anything that needed doing. Reported to the Production Manager Brigette Thomas

Education

2022 - Dev Academy Aotearoa - Certificate - Level 6 Web Development Training Scheme
2021 - Completed Harvard University's CS50: Introduction to Computer Science through EDX
2018 – Bachelor Commercial Music – Massey University, Wellington (incomplete)
